Quotations furnished by W. B. Hibbs & Co., members of the Chicago Board of Trade, Hibbs Building. 725 Fifteenth street northwest.

Chicago, Oct. 25.—Wheat opened steady to a shade firmer, but there was enough general seiling to cause a decline to 1.03% for December. On the decline a commission house buying absorbed the wheat, chiefly May, and the local crowd covered short wheat put out on the decline, causing a rally to last night's closing prices. The Southwestern markets were weak. Kansas City leading the decline, cash prices I to 2 cents lower. Northwestern markets stronger relatively earlier, but later in the day were about on last night's parity.

Corn maintained a show of firmness early, but prices yielded later with wheat, the selling being in the nature of liquidation by local professionals. There were also some selling by cash houses, principally December. Buying was scattered and not significant. Cash demand siack; and prices for sample lots ½ cent lower. Carlots, 250, with 110 cars estimated for to-morrow.

Oats were casier in tone, and prices showed a moderate decline, with December the weaker. Local elevators interests sold both December and May, a so some commission house selling. Cash prices it or carlots, ½ cent lower, with the demand not quite as good as recently. Local carlots, 230, with 26 cars estimated for to-morrow.

Bearish hog news caused provisions to average lower. Offerings were quite liberal, both for long and short account, and for a time depressed prices considerably. There was a good investment demand and also some buying by packing interests.

History of the demand and mand and also some buying by packing interests. The closing was firm, with marked recovery from early demand and also some buying by packing interests.

The Safest Investments

Are those that do not fluctuate during disturbed conditions of the money or stock markets. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "gilt-edge" investments. They do not depend upon the financial responsibility of individuals or corporations for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from \$500 upward. Send for bookiet, "Concerning Loans and Investments."
